CEDAREdge ROD AND GUN CLUB RANGE RULES

- Each of the club's three ranges; shotgun, rifle and pistol has a sign-in book. When you visit one of the ranges please sign in and note your time of arrival. This information is used to help the club qualify for range grants.
- Obey the rules of safe gun handling:
 - Handle all guns as though they are always loaded.
 - Never let the muzzle cover anything you are not willing to destroy.
 - Keep your finger off the trigger until your sights are on target.
 - Be sure of your target and what is beyond it.
- All rifles and pistols must be fired only at paper targets affixed to the rubber mat backstops provided by the club (specific exceptions to this rule may be approved by the club's Board of Directors). To make certain bullets never ricochet do not set up your own target stands or shoot at objects you see or put on the ground such as rocks or shotgun clays.
- Pick up and dispose of your brass, hulls and ammo boxes. Also please remove all staples from target backstops after removing your paper targets.
- Guns used at the rifle range must be fired from the shooting benches provided or from prone or sitting position while beside a bench with no part of your body beyond the front of the bench.
- On the rifle range: before walking or driving down range install the red "man-down-range" flag in the pipe in front of the benches.
- On the pistol range only pistols and pistol-caliber-carbines may be fired (PCC's are defined as shoulder fired guns chambered for pistol specific cartridges).
- On the rifle range only rifles and break-action handguns or bolt-action handguns may be fired (e.g. Remington XP100, TC Contender and similar handguns).
- The rifle range is closed during all scheduled shotgun events. The shotgun schedule is: every Tuesday, 2:00-3:30 and the first Saturday of every month 9:00-11:30.
- The rifle range and the pistol range are closed for use by general club membership during events scheduled at that specific range. See the club's website calendar for scheduled rifle and/or pistol range events.
- Use only target-point arrows on our archery range as broad-head arrows damage the target butts.
- All shotguns must use shot size 7½ or smaller.
- Do not fire tracer ammunition at this range because of its fire hazard.
- No full automatic firearms permitted.
